# JOHNSTONE STRAIT EXPEDITION

## 5 NIGHTS / 6 DAYS SEA KAYAK EXPEDITION & WILDERNESS CAMPING

Please read through this package of information to help you to prepare for your tour. Please also remember to return your signed medical information form as soon as possible and read and understand the liability waiver which you will be asked to sign upon arrival. We hope you are getting excited for your adventure!

## ITINERARY

The Johnstone Strait Expedition combines the best of two amazing worlds; from the open, wildlife-rich waters of Johnstone Strait to the intricate islands of the Broughton Archipelago, this journey has something for everyone. This is a point-to-point expedition style trip, which means we never have to waste time backtracking. Instead, we spend our days moving from camp to camp, exploring new territory every day. We begin our paddle from a remote lodge set in the Broughton Archipelago off the shores of northern Vancouver Island. From here we journey through the enchanting islands, visiting ancient First Nations sites along the way, before entering Johnstone Strait and the realm of the Killer Whale. Expedition trips run back to back, with every second trip travelling the reverse direction.

The Johnstone Strait Expedition launches from the historic town of Telegraph Cove on the north end of Vancouver Island. The Spirit of the West van will be departing from Quadra Island and Campbell River on the morning of the tour, and drive the 2.5 hours to our launch site in Telegraph Cove. If driving yourself please note that parking will be apx. \$5 per day in Telegraph Cove.

### DAY PRIOR

We host a pre-trip meeting at 6:00 pm in the lounge at The Heriot Bay Inn and Herons Restaurant on Quadra

Island. This meeting gives us a chance to answer any questions you may have and for you to meet your guides and fellow kayakers. If you are unable to make this meeting, please call us the day before to confirm the exact departure time and location.

Please note that this trip runs back to back; depending on your start date, you will either start your trip at the Paddler's Inn Eco-lodge or you will end your trip there. The alternative starting point is our beautiful wilderness campsite on Hanson Island, and the itinerary is the same but in reverse. Please contact our office if you would like to determine your direction of travel.

### DAY 1

Travel from Quadra Island / Campbell River to Telegraph Cove by vehicle. Here we will enjoy a picnic lunch and a visit to the Killer Whale Interpretive Center, also known as the Bones Project. The Bones Project is an incredible museum displaying the skeletons of many marine mammals found on the BC coast and much more. We will then board our water taxi and journey out to either our Hanson Island Campsite or to the Paddler's Inn Eco-lodge. If time and weather allow we will get out for a short introductory paddle after reviewing kayaking basics and essential safety procedures.

## DAY 2

After a hearty camp breakfast we will pack our kayaks and head off to explore, paddling amongst the enchanting islands of the Broughton Archipelago. The Broughton Archipelago is a network of forested islands and protected passageways that offers both scenic paddling as well as intriguing history. Route selection will depend on weather conditions, group preferences and wildlife viewing opportunities. We take our time and travel at a pace dictated by the group. We aim to arrive at our campsite in the late afternoon each day allowing for time for settling in, dinner and then of course watching the sunset before retiring for the night.

## DAYS 3 TO 5

There are many options as this area is ripe for exploring. We do usually try to visit the ancient village site of Mamalilaculla, and learn about the Kwakwaka'wakw First Nations people. There are also several other beaches and campsites in the area in which you can see evidence of those who have come before us as well as more current uses of the area by the First Nation's people. We also often visit another coastal treasure, the home of local legend Billy Proctor and

his collection of historical treasures. Spending some time listening to Billy's stories is a great way to get a sense of what life on this coast was like and how it is changing. Each day we will keep our eyes and ears on the lookout for the many marine mammals, including orcas, humpbacks, minke whales, dolphins and porpoises that travel through these waters.

## DAY 6

After a morning paddle return to Telegraph Cove via water taxi and transfer back to Campbell River and Quadra Island.

**Our approx. return time to Campbell River & Quadra Island is between 5 & 7pm, however due to the variables with wilderness travel we recommend that you plan to stay in the area for this night to avoid unnecessarily stressful complications should our return be delayed by something out of our control. Please feel free to contact us to discuss your travel plans in more detail.**

## PACKING LIST

Sea kayaks are oddly-shaped vessels to pack, so the key is to pack into the small compact bags which we provide. (The video to the right also provides some practical, and humorous, tips and tricks you might appreciate).

Sea kayaks are basically watertight, although small amounts of water may get in through the rudder lines and hatches. In the event of rain or dropping gear in the water we try to keep things as waterproof as possible. We provide you with waterproof storage bags also known as 'dry bags' (these will be given to you at the pre-tour meeting or the following morning if you are unable to attend).

If you prefer to bring your own dry bags, please note the largest bag should not be larger than a sleeping bag or 20 litres; several small bags are best. We will provide one 5 litre, two 10 litre and one 20 litre dry bags for you to pack into. Additional bags may be available depending on space in the kayaks. The 5 litre bag is good for storing small items such as cameras, sunscreen, glasses, etc. The larger ones will be used for storing the rest of your clothing. Please see our suggestions for waterproofing your sleeping bag.

Shoes can generally be packed loose in the kayak. All participants will also pack some of the group gear and food in their kayak. Don't worry, it always looks like an impossible mountain of stuff to fit in the kayaks, but with some perseverance and coaching from your guides we always manage to fit everything.

### TEMPERATURES

Please note that our summer temperatures from July until September are generally quite comfortable with temperatures from 18-30 degrees Celsius / 70-85 degrees Fahrenheit. It's not uncommon to find mid day summers hot enough to want to cool off in the ocean! June and later September will have cooler temperatures, and at ANY TIME OF YEAR we can have rain &

wind, with temperatures occasionally as low as 13 C / 55 F. So, we say it is best to come prepared for any type of weather.

### PLEASE NOTE WHAT WE PROVIDE

- ALL KAYAKS & SAFETY GEAR
- TENT & SLEEPING PADS
- DRY BAGS
- SMALL CAMP PILLOW

If you have your own gear and would prefer to use it on your tour, please bring it to the pre-trip meeting so that we can make sure it is suitable and meets safety requirements. The following is a list of suggested items to bring along. If you have any concerns or questions about the list, please don't hesitate to contact us.

- ❑ **Sleeping bag** – A 3-season synthetic bag is recommended. Down bags will work but please take extra care to waterproof. If you are uncertain about whether or not you have the appropriate bag just give us a call or check with your local outdoor store. If you do not have a sleeping bag or would prefer not to travel with one, these may be rented for \$25 plus tax. Please reserve in advance. To waterproof your sleeping bag line a compression sack with a heavy duty garbage bag. Press the air out of the bag with your knee and then keep compact with the compression sac which can be purchased at any outdoor shop. This also helps keep your bag small for travel.
- ❑ **Wetshoes** – A pair that can get wet such as sturdy full strapped sandals (such as Keens, Texas or Chacos), neoprene booties, crocs, or rubber boots. Please avoid flip-flops/thongs. Spirit of the West has a wide range of rubber boot sizes (youth – men's size 13) available to borrow free of charge if you don't have your own wet shoes or have limited space in your luggage. There will be an opportunity to try on boots at the pre-trip meeting.

- ❑ **Camp footwear** – An additional pair of footwear that you plan to keep dry. Runners, trainers or light hikers are great.
- ❑ **Hat** – A sun hat such as a baseball hat or full-brimmed hat as well as a wool or fleece warm hat for evenings or cooler days.
- ❑ **Sunglasses & sunscreen** (stored in a Ziploc bag) – A must for protection from sun and glare off of the water. Safety cords on your glasses are highly recommended.
- ❑ **Bathing suit**
- ❑ **Medication** – If you are bringing medication please ensure that... 1) The name and expiry date of drug is on the container; 2) You have the detailed instructions of your dosage and frequency; 3) It is packed in a water and sunproof container; 4) You bring a full extra dosage of your medication in a separate container to leave with your guide, in case you misplace or lose yours, or are weathered in. If you are flying, please pack all necessary medication in your carry-on luggage. This will help eliminate some stress should your checked bags be misplaced in transit.
- ❑ **Personal items** – Toothbrush, toothpaste, biodegradable soap/shampoo, washcloth, feminine hygiene products, hairbrush, etc.
- ❑ **Mosquito repellent** – Insects are not a significant concern for us in our coastal ecosystem, however for those unused to insects or with particular sensitivities some repellent may come in handy.
- ❑ **Ziploc bags & several large garbage bags** – We will provide you with dry bags, but these come in handy for transporting laundry and/or wet clothing.
- ❑ **Small flashlight or headlamp** – With spare batteries. Headlamps are preferable as they allow for hands free operation
- ❑ **Water bottle** – Bike bottles or Nalgene-style bottles work best.
- ❑ **Camera** – In a waterproof bag or case, or you may use our dry bags.
- ❑ **Gloves (optional)** – Biking gloves work well to protect your hands from blisters. If you are really concerned about cold hands, and are paddling in the spring or fall seasons, you may want to invest in neoprene gloves or pogies.
- ❑ **Beverages** – We supply a wide range of teas and coffee as well as juices. You are welcome to bring along soda pops or alcoholic beverages if you choose to. Please note however that we do expect our guests to consume alcoholic beverages responsibly and strictly enforce a no alcohol on the water policy.
- ❑ **Fishing gear** (optional) – Make sure you have a valid B.C. fishing license. These can be purchased on-line at <http://www.pac.dfo-mpo.gc.ca/fm-gp/rec/licence-permis/index-eng.htm>
- ❑ **Book or journal**
- ❑ **Binoculars** (optional)
- ❑ **Gratuity for your guides** – at your own discretion.

## CLOTHING

Clothing should be suitable for the time of year, bearing in mind that it could become cold and wet at any time of year. Layering is the best way to regulate body temperature and maintain warmth. We suggest avoiding cotton (except for those hot days). Cotton has no insulation value when wet. An inner material that wicks moisture from the body and gives a comfortable dry feeling even while wet is the best first layer (Polypropylene, Lycra, Nylon, Polyester). A synthetic material such as fleece or pile makes the best second layer to provide warmth. Wool is also suitable.

- ❑ **Rain jacket & rain pants** – For the unexpected nasty weather. To test your waterproofness – jump

in the shower and see if you stay dry! (we're serious!) (If you would like to rent/hire raingear from us, please reserve in advance of the tour. Tops and bottoms can be rented for \$25 plus tax for the set).

- ❑ **Light windproof jacket** (optional)
- ❑ **Long-sleeved non-cotton shirt** - (synthetic/wool) – 2
- ❑ **Long pants** – 2 pairs of a quick drying, synthetic fabric pants (one for paddling, one for camp) Athletic style pants (running or yoga) are generally appropriate. Jeans are NOT recommended for paddling.
- ❑ **Lightweight long underwear** – 2 pairs, helps to keep you warm at night or as a base layer during the day. We recommend one set for kayaking and one set which is reserved for sleeping and always stays dry.

- ❑ **Sweater** – A warm wool or fleece sweater
- ❑ **T-shirts** – 2
- ❑ **Shorts** – 1 quick dry nylon
- ❑ **Warm socks** – 3 pairs (1 warmer pair for around camp)
- ❑ **Undergarments**

### SUGGESTED ADDITIONAL ITEMS FOR COOLER OR WETTER FORECASTS

- ❑ A second warm wool or fleece sweater
- ❑ An extra t-shirt
- ❑ An extra pair of warm pants
- ❑ 1-2 additional pairs of socks

## SANITATION IN THE WILDERNESS

The kayak cuts no grooves and leaves no scars, as it travels freely through the waters. However, on land, especially with the increasing number of kayakers venturing into new territory and seeking the un-traveled path, we must respect our surroundings and be aware of our impact on these environmentally sensitive areas. Spirit of the West Adventures makes every effort to ensure we leave our area as we found it, if not better.

Where do we wash? Are there toilets? These are some of the most common concerns but questions not always asked. All of our camping sites are in wilderness settings and therefore are basic and rustic – a true wilderness experience. On our expedition style tours

we use a portable toilet system set up in a private location in conjunction with pit toilets when available. We use salt water for washing as fresh water is limited and reserved for drinking.

Your guide will discuss proper elimination techniques and suggest a suitable private area. Your guide will carry a toiletry bag complete with toilet paper, Ziploc and paper bags as well as hand sanitizer. At the Paddler's Inn there are flush toilets and a hot fresh water shower. If you have any concerns while on tour please do not be shy to ask your guide – they are very used to making sure everyone feels comfortable while in the wilderness.

## FREQUENTLY ASKED QUESTIONS

**Below is a list of commonly asked questions. If you have any further questions or concerns please do not hesitate to call us.**

### **WHAT IS INCLUDED? WHAT DO I NEED TO BRING?**

There are no additional costs once on our tour. On our guided tours we supply everything that you will need for kayaking and camping except for a few personal items such as a sleeping bag and rain gear (these can be rented if needed), your clothes and toiletries. We are happy to pick you up free of charge from your accommodation on Quadra Island on the morning the trip starts and we will drop you off there when the tour is finished. All other transportation, food, gear, etc, while on trip is included in the cost of the tour. Once the tour begins we provide all meals and non-alcoholic beverages (wide selection of teas, coffee, juices, hot chocolate) from morning snack on day one to lunch on the last day. You are welcome to bring your favourite wine, beer or pop, but this is not included in the tour price. There is a grocery and liquor store very close to the location of the pre-trip meeting if you would like to pick up extra beverages on the evening before the tour.

### **HOW MUCH KAYAKING EXPERIENCE IS REQUIRED TO JOIN ONE OF THE TRIPS?**

No experience is required for our kayak tours! Our adventures are for everyone. Our trips are designed to cater to all levels of experience and abilities. The majority of people who join our tours are first time kayakers. All that we ask is that you welcome adventure with an open mind and are able to laugh and have fun when encountering the unexpected.

### **DO I NEED TO BE IN GREAT SHAPE FOR THIS TRIP?**

Our adventures are not considered to be overly strenuous or physically demanding, and we do not require a high level of fitness. As an "expedition-style" trip there

are daily camp chores like packing and un-packing kayaks, setting up and taking down tents, and paddling loaded kayaks. We just ask that you are capable of a few hours of moderate exercise each day and are comfortable walking on the uneven surfaces you'll encounter at camps and beaches. Good general health will go a long way if we happen to encounter some strong winds or time restrictions.

### **ARE THERE ANY AGE REQUIREMENTS?**

Spirit of the West caters to all ages of adventurers. Although we set a minimum of 12 years for our multi-day tours, we like to assess each case individually. Those concerned with being in 'their older years' are welcomed to contact us to discuss their physical abilities.

### **HOW MUCH PADDLING IS GENERALLY DONE IN A DAY?**

Paddling time will vary depending on our destination and the group's abilities and desires. Generally we travel between 3-5 hours a day, not including breaks.

### **HOW STABLE ARE THE KAYAKS? WHAT IS THE LIKELIHOOD OF FLIPPING OVER?**

The kayaks we use on our tours are stable and designed for comfort. For those a little concerned, the double kayaks are slightly more stable than the singles. The likelihood of a capsizing is minimal, and generally only occurs in an uncommon situation.

### **WHAT HAPPENS IF MY KAYAK FLIPS OVER?**

If for some reason your kayak flips over, all of our guides have ample practice time on the water with rescue procedures, in order to quickly and efficiently get you back in your boat. At this point we will take you to the nearest shore to change into some warm cozy clothing and carry on with our journey. While we are out on the water, it is of the utmost importance that the group sticks together in the event of capsizing or change of route plan.

## WHAT IF THE WEATHER TURNS BAD? WILL I BE COMFORTABLE AND WARM?

Our weather in the Pacific Northwest is generally pleasant from May through until the end of September. The temperature will vary slightly depending on which area you visit. In the Johnstone Strait area, the weather will generally be cooler than what you may see on the forecast for Campbell River – sometimes by as much as 10 degrees. Fog is very common on summer mornings, however this nearly always clears at midday to make way for clear skies and sun. Although it is uncommon, it can rain in the summer. A good rule of thumb is to be prepared for any type of weather and you will stay comfortable. Layering is the key, and it allows you to put on or take off layers while on the water if you need to.

## WHAT SORT OF WILDLIFE MIGHT WE SEE ON THE TOUR? WHAT ARE THE CHANCES OF SEEING KILLER WHALES?

The diversity and abundance of wildlife in the Pacific Northwest is one of our privileges. With river run-off from the mountains, ocean currents, tiderips, eddies and upwelling these waters are among the most productive on earth. From the rich marine life of colourful plants and invertebrates, seabirds, shorebirds, waterfowl, mink, otter, seals, sea lions, dolphins, and whales, to the land animals of deer, raccoons, cougars, wolves and bears, we are bound to see something. For those with an eye for eagles take note that they are most prominent in the earlier months before the salmon migration in the late summer/early fall. On the Johnstone Strait Expedition we move between the open waters of the Strait and the intricate islands of the Broughton Archipelago. The three days (either at the beginning or end of your tour), we spend in the more open waters of Johnstone Strait are the most likely time for us to encounter larger marine mammals such as Orcas and Humpback whales. As we travel deeper into the islands, keep your eyes peeled for dolphins, porpoise and all of the land animals with which we share this beautiful ecosystem. **Please remember though that these whales are wild and can travel large distances in a day. You have put yourself in the best possible location for viewing and now you just have to see what mother nature provides.**

## HOW CLOSE DO WE PADDLE TO THE ORCAS?

Day to day travel patterns for whales are unpredictable, so we travel in the most likely places to encounter them in order to maximize our opportunities to view them. Hearing the blow of a whale even from a mile across the Strait will create a sensation of excitement. Note that in accordance with industry whale watching regulations we do not approach whales within 100 meters. **This is out of respect for the whales space and**

**to ensure that we do not interfere with their natural behaviour.**

## WHAT IS THE CAMP SET UP LIKE?

All of our campsites are in wilderness settings. We seek out sites with beautiful surroundings and those that offer solitude. There may be times (on occasion) when we are camping next to another group of kayakers. Campsite choice will be based on weather conditions, route choice and group size and preference. Our first or last night (depending on which direction your tour travels) will be spent at Paddler's Inn, a rustic floating kayak lodge deep in the Broughton Archipelago.

## WHERE DO WE WASH? ARE THERE TOILETS?

There is very little fresh water to be found on the small islands through which we travel. Therefore, seawater is your best bet for washing up. Please use biodegradable, environmentally friendly soap brands. Toilet facilities are not common in most wilderness settings, although some areas may have pit toilets. We also carry a portable toilet system. Your guide will generally designate an area or system that works for ensuring your privacy. We are very accustomed to making sure all of our guests feel as comfortable and informed as possible in this regard.

## WHERE CAN I LEAVE LUGGAGE THAT I WON'T NEED ON TRIP?

If you are staying on Quadra Island, many of the B&Bs offer free luggage storage - simply check with your host. Alternatively, guests staying on either Quadra Island or in Campbell River have the option of storing excess luggage at our office. Please ensure that your luggage is clearly labelled with your name, tour and trip date, and leave it with us on the first day of your tour for return to our office.

## WHERE CAN I LEAVE MY VEHICLE WHILE ON TOUR?

Free parking will be available for your vehicle while on tour with us. Many of the accommodations on Quadra Island also have free parking included with your stay. Parking is also available at Telegraph Cove for a daily fee. Parking details will be discussed further at the pre-trip meeting.

## IF I WOULD LIKE TO TIP THE GUIDES, WHAT IS THE INDUSTRY STANDARD?

If you would like to express your appreciation to the guides through a gratuity, such recognition would be enthusiastically received. The industry standard for tipping is approx. 10% per person of the trip cost. All tips received will be collected and disbursed amongst your guides & basecrew by the trip leader.

## GETTING HERE

While off the beaten path, it is worth the extra effort to reach our corner of paradise. Below is some detailed information on how to get to us. You can also visit our website or contact us for more suggestions.

**SPIRIT OF THE WEST ADVENTURES** is located on QUADRA ISLAND, B.C. Canada. To get to Quadra Island, you will need to get to Vancouver Island first. To meet us for your tour, you will need to get to Quadra Island or Campbell River. We can pick you up from your accommodation on Quadra Island the morning the trip starts (arranged at pre-tour meeting).

**VANCOUVER ISLAND** is accessed from mainland British Columbia and Washington State in the U.S. by ferry service or flights. If you are driving from Seattle, allow the full day to get to our area. Vancouver and its two ferry terminals are approximately 3 hours drive from Seattle. From Vancouver, ferries go to Victoria or Nanaimo. If you are traveling from south of Vancouver take the Tsawwassen–Nanaimo route (closest to Vancouver airport). If you are coming through Vancouver take the Horseshoe Bay–Nanaimo route. Travelers from the USA can also take ferries from Anacortes, Port Angeles and the Seattle area to Victoria on the south end of the island. If you are travelling by car, please note that the ferries can get quite congested during the summer months, so we advise you to get an early start or make a reservation.

Victoria is 165 miles (265km) south of Campbell River. Campbell River is approximately a 4-hour drive on Highway 19 from Victoria, and 2 hrs from Nanaimo with 95 miles (153 km).

**CAMPBELL RIVER** is centrally located on the east coast of Vancouver Island. Campbell River Regional Airport (YBL) is approximately 40 minutes from Vancouver by air and 1.5 hours from Lake Union (Seattle) by air.
